

A large puzzle of a Christmas home scene. The puzzle pieces are interlocking and form a complete picture of a living room. In the center is a large, decorated Christmas tree with warm white lights, gold and red ornaments, and a gold ribbon. To the left is a stone fireplace with a fire burning inside. Above the fireplace is a mantel with a small framed picture, a candelabra with two lit red candles, and other holiday decorations. To the right is a bookshelf filled with books and a window with a view of the night sky. The overall scene is warm and festive.

"My Christmas Home"
